# Payeer for CMS Drupal 7 (Commerce Kickstart2)

Go to the admin panel and open the menu "Site settings -> Modules".

Press the button "Install new module".

Select from the files module.zip and click "Install".

After confirming a successful installation, click "Administration pages".

Again, go to the list of all modules "Site settings -> Modules".

Locate the module Payeer and turn it on. Press "Save configuration".
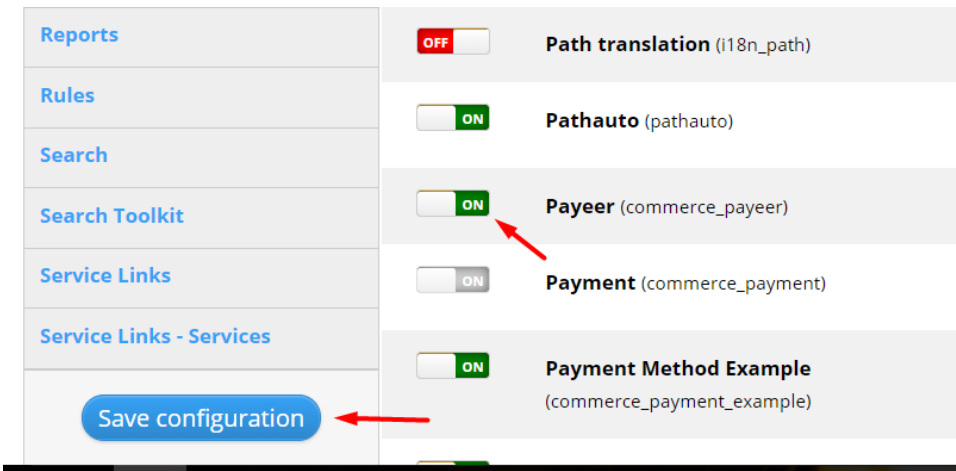

Open the menu "Store settings -> Payment methods".
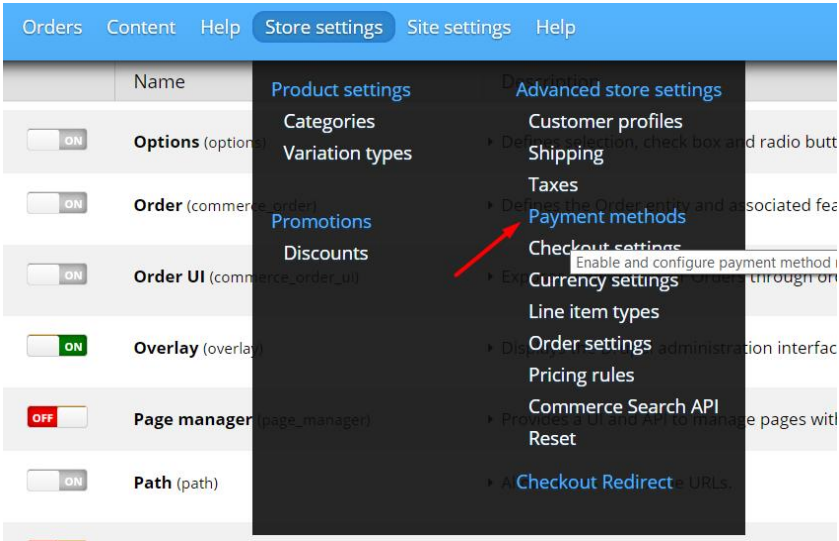

Payeer should appear in the list of available payment methods.

Open Payeer. Press on "Enable payment method: Payeer".

Actions

Elements
✛ Enable payment method: Payeer ←
Parameter: *Order:* [commerce-order]

[+ Add action]   [+ Add loop]

http://payeer.com/payeer/fail

enter this url in the store settings

Status URL

http://payeer.com/payeer/status

enter this url in the store settings

Merchant URL: the default path to the payment https://payeer.com/merchant/

Merchant ID: id of your store in the system Payeer.com (can be found in the personal cabinet).

Secret key: the secret key of your store, also issued to you when registering in the system.

The path to the log file: if you specify the path to the file logging, you will be recording information about payments via Payeer.

IP filter: You can specify the list of all trusted ip addresses of servers, separated by commas. You can also specify a mask instead of the ip address. If the field is empty, checking for trusted ip addresses is not performed.
For example:
      192.168.71.87, 192.165.83.17, 192.178.34.15
Or   192.*.71.87, 192.165.83.*, 192.*.34.15
Or   *.*.*.* - all available ip addresses

Email for warning send: enter your email address to receive notices in the event of an error of payment. The letter will state the reason and basic information about the payment.

Enter a message in case of successful payment, failed payment.

Press «Save».

Then on the website payeer.com in the dashboard, enter the URL in the store settings. Data URLS can be found and copied in the module settings Payeer.
